

CRANE SUPERVISOR (4 Day Novice)

Non CPCS

COURSE DETAILS

Title: Crane Supervisor

Duration: Four (4) consecutive days

Cost: £895 plus VAT (includes training, technical tests and card fees).

TARGET DELEGATES

This course is aimed at anyone who is required to supervise safe systems of work using lifting equipment. It is recommended that prior to attending this course individuals should have some experience of working with lifting equipment, especially mobile cranes.

COURSE AIM AND CONTENTS

The aim of this course is to provide candidates with underpinning knowledge in order for them to understand the role and responsibility of the Crane Supervisor. Following successful completion of the course candidates will be able to understand and follow safe systems of work for lifting operations including writing risk assessments and method statements.

Topics covered during this course include:

- Legislation - LOLER, PUWER, HASAWA
- Codes of practice - BS7121
- Roles and responsibilities of personnel involved with lifting operations
- Crane appreciation - crane types, capabilities and limitations
- Duty charts
- Crane terminology
- Documentation and certification for lifting equipment and lifting accessories
- Crane stability/ground conditions
- Safe Load Indicators (SLI) and Safe Working Loads (SWL)
- Lifting accessories
- Types of accessories and use
- Slinging techniques
- Down rating of accessories
- Sling angles
- Communications
- Planning a lifting operation
- Preparing a lift site in accordance with the AP's safe system of work (end test)

CERTIFICATION

Successful candidates will be awarded an Ainscough certificate of training along with a photo ID card endorsed Crane Supervisor which will be valid for 5 years. Please note that on major construction sites this may not satisfy the training requirements where a CPCS card is required. If you are unsure please call the number shown below for further advice.
